## Check Out All The Things You'll Learn

How will the RLI expand your skills? For starters, you'll learn all about store management and leadership from retail experts. As a college senior, it's a great way to gain experience through on-the-job training and hands-on assignments.

As part of this program, you'll start out at our AT&T Mobility headquarters in Atlanta, GA. After one week, you'll join one of our Regional Business Offices to find out first-hand what it takes to be a great leader. After two weeks, you'll continue your journey in an AT&T retail store, working closely with a Retail Store Manager. This is where you'll become an expert in our innovative products and services.

Bottom line? You'll gain the connections, knowledge and experience you need to pursue a successful career in marketing, sales operations, customer service management or, of course, retail sales. Pretty cool, right?
